Reflections

Semester 2 mid-point

We are mid-stride in S2 and with pride we see our students advancing on countless challenges and opportunities:

- Focus and dedication to achieving success in all classes;
- Scheduling time with teachers to get support outside of class time;
- Using the school's collaboration room to complete test/quizzes/assignments as well as to receive learning support;
- Showing interest in improving their personal study skills and habits; and
- Jumping into the QAL Garden with Ms. Wilde (see Pgs. 2 – 4).
